

BULGARIAN REGISTER OF SHIPPING CIRCULAR No. 06 / 11

Date	04.10.2011	Re: Measures proposed by Executive Agency Maritime Administration to the recognized organizations
Substitutes	-	
Amendment to	-	
Prepared by: Classification and Supervision Division		Signature D. Lukov
Approved by: Executive Director		Signature V. Feldmanov

We hereby bring to your attention the minutes of the meeting between Executive Agency Maritime Administration and the recognized organizations. The measures proposed to surveyors to increase safety of ships sailing under Bulgarian flag are as follows:

- condition and maintenance of the ship and the equipment;
- cleanness of the engine, pump and generators room;
- rust on ship;
- living conditions;
- knowledge on and application of the controlled access regime (ISPS Code);
- knowledge on and observance of the access rules in restricted access areas (ISPS Code);
- inspection on the accurate and proper keeping of Oil Record Book and Garbage Book;
- placement of schedules, signs and symbols at designated areas;
- proper keeping of the record for work and rest hours of the crew.

The results of the above inspections shall be reported in Form F705-10.2010 (available in the server) upon each inspection of the ships sailing under Bulgarian flag.

- End of document-

BULGARIAN REGISTER OF SHIPPING
